'JOCK'S WAGGIN' TONGUE

Vol. 4 Thur August 15 No.32

Jock McIntyre, Editor

Crop Report -

Harvest is in full swing wheat is yielding all the way from 15 to 45 bu. all is 60 to 66 lbs per bushel.

Pride of ownership is definitely assured when you buy a modern Beach range.

Staff Sergeant McLean Kelly to you was through town the other day with his company of R O Engineers.

Boys get your special light weight grain scoops, they are sure back savers.

Chas and Mrs Wright along with Mrs Groves are Champion visitors, all are looking hale and hearty.

For a quick and efficient pulley lagging we have friction tape in 3 in. and 6 in. widths.

Mark Diemert is also a district visitor, looking good and reports that Vic and Dan are fine.

Good buys in used cars and Trucks. One 1/2 ton Chevrolet, one 1939 Ford Sedan, one 1934 Chevrolet Sedan, one 1936 Oldsmobile sedan and say they are all priced to sell.

J J Kiddon is expected to arrive daily.

"Westinghouse" the name that is tops in radio.

Fred Watts had a birthday the other day and a lady thought this an appropriate card for him.

Lord give me strength to catch a fish,
So big that even I
When telling of it afterward,
Wont need to lie.

Have you seen the new Lincoln grease gun? she is some gun and priced right too.

War Stamp Dance Realizes \$77.75

The effort on the part of Champion's War Saving Stamp Committee was rewarded to the extent of \$77.75 on Friday night.

The dance put on for the purpose of selling stamps was well attended.

The expenses were held down to a minimum. The Community Hall was donated and the Orchestra took their pay in stamps. Total expenses were: Orchestra paid in stamps \$20. Printing and Mailing expenses etc \$4.00. Prizes in stamps for dance \$28.50.

The committee wishes to extend their thanks to all those who so generously helped in making the evening such a decided success, and to all those who remembered "A Stamp A Day Keeps Hitler Away"

Short in Wiring Causes Fire

The day was saved on August 12th when Otto Haig's light delivery broke into flames by nine year old James Lusk, who was first to give the alarm.

Otto Haig and his companion were driving into town when unnoticed by them a short developed on the battery cable burning a hole in the fuel line and setting the gasoline on fire.

George Hargrave brought his first baseman's wing into play with Shorty Bouzyan's fire extinguisher breaking it on the flames which by that time had reached no mean proportion.

Outside of the gasoline line no further damage was done

Red Cross Appeal Unanswered

The Red Cross ladies report that one public minded citizen contributed a chair and table for their use in the Red Cross Rooms. Surely there are more of you people who have an old chair that would come handy. Yes I mean You, You and You! Give them a chair, bench, small table etc. Don't let the work and contributions fall on the hands of a willing few. Do your share!

Singing Star Enjoys Banff Interlude

Blonde, petite Hope Manning, whose glorious voice is known to millions of radio fans, found peaceful relaxation at Banff in the Canadian Rockies between singing engagements. The Columbia singing star, who is seen here at the famous open-air sulphur pool at the Banff Springs Hotel, traveled through Canada on her way east to St. Louis where she was to start a month with the famous "Muny" Operas. She had just completed an engagement with John Charles Thomas and the Los Angeles Light Opera.

N. P. A. M. Camps Sept. 1-15 and 16-30

The Champion boys attended their fifth parade for Non Permanent Active Militia at Vulcan last night and during the course of the evening were measured for their uniforms. Arrangements are being made for attending camp from the 1st to 15th or from 16th to 30th of September. The Chronicle was advised that any single man from 21 to 42 would have to spend time in camp this fall. Even those belonging to Non Permanent Militia will have to attend camps for two weeks. Those of the Non Permanent that do not attend one of the camps in September will have to attend the month or six week compulsory training later on in the fall.

Those who do belong to the unit in their district and do not attend; if in the opinion of the Company Commander, is not taking his duty seriously enough, or has not attended parades regularly, will also have to attend the camp for compulsory training.

Mrs. R. D. Farries and family have returned home from Mirror where they have been on their holiday

School Board Hold Meeting

The regular meeting of the Champion Consolidated School Board was held on Tuesday August 13th. All members were present and Mr Fred Fleming occupied the chair.

Several important items were discussed such as insurance etc. and accounts paid. The following Van Drivers were appointed. F. Clapp N W Route F Racher Short S W Route L Fath Long S W Route Ed. Selland the S E Route and I Granlin the N E Route.

The contract for hauling coal to the School was awarded to A Kramer. The meeting was then adjourned.

Volunteer Registrars Sworn Into Office

Eight volunteer assistant Registrars were sworn in on Tuesday night at the home of Mr Duane Chamberlain by Mr Irl Ditto and Mr Chamberlain. Two more are needed and it is hoped that these will have volunteered by Thursday.

The eight are J Stephenson Art Butler, Ruth Depue, Lona Stephenson, Maxine Ditto, Jack Robinson, Phyllis Chamberlain and Ken Glinz.

These volunteer registrars are sworn to absolute secrecy and work without pay.

The Deputy Registrars ask that all town people or every one that possibly can to come early and in the daytime leaving the evenings for the country people and people who are harvesting or are otherwise held to their work in the daytime.

However it is to be remembered that every person over the age of 16 must register as British subject or not if resident in Canada. Heavy fines are imposed on those failing to register. For those who are not capable or being at the booth through sickness or an incapacity a registrar will go to them.

Harvest Well Under Way

By the time this paper reaches the hands of many subscribers harvest will be well under way. Several reports have come in at this early date of harvest operations under way but we are told that the grain is yet a little too green to store. Although some earlier fields are thoroughly ripe now where the crop is some what lighter. Farmers are feverishly working to get combines, tractors and trucks in readiness to handle the bumper yield.

Work has started on the annexes being built by the elevators. Crews are busily hammering, sawing and bracing the quickly shaping granaries, men working early and late in order to have these bins in readiness for the million and a half bushels that will soon be pouring in from all roads leading to town.

News items always appreciated and should also be in this office as in advertising rules. All items subject to editor's approval.

Cancellation—We find that our subscribers prefer not to have their subscriptions interrupted in case they fail to remit before expiration. Subscriptions will not be carried in arrears over six months, but we presume the subscriber wishes the paper continued unless cancelled.

- Editorial -

War Charities Fund

Two editorials have appeared in the Chronicle in reference to forming a War Charities Fund in the Champion district. Here is what the Claresholm district have done.

The establishment of the Claresholm and district War Charities Fund followed the partial break down of the Red Cross campaign for funds. The local branch of the Society had raised about \$600, which they felt was a poor showing in the district, and requested the Men's Club to take over the campaign.

The writer remembering the numerous drives for various organizations in the last war, put forward a plan for a combined fund, with an annual drive, to cover all the expected demands which would arise each year. The club agreed to sponsor such a plan and assume the cost of printing etc. which would not exceed \$25. A public meeting of the town and district was called and the plan approved, with a writer in charge to carry it through.

Application was made to the Secretary of State at Ottawa for Authority to operate under the War Charities Act, and copies of the Act and a form were received from the secretary. The application form is self explanatory requiring particulars of the committee who will operate the fund, how it is to be raised, the expected cost, an estimate of donations and how they are to be disbursed.

We confined our operations to the Claresholm postal district so as not encroach on other towns. The town and district were completely canvassed. The saving of labor and the necessity of making repeated drives is well worth while.

The residents have taken well to the plan, as it is understood that only one campaign will be undertaken each year and they gave accordingly.

Bin Burning Due To Cutting Before Ripe

Almost every year, since combining became the general rule, some grain stored in elevator bins, or in railroad cars has been found to be bin burnt.

Investigation has shown that the bin burning, in most cases, was caused because the crop was combined before it is thoroughly ripe and so contained a percentage of green or unripe kernels, or of green or unripe weed seeds which had not finished that mysterious chemical process known as grain ripening. Bin burning, too, can result from good clean grain being harvested and threshed when containing too high a moisture content. Then as this ripening process continued after the grain was in the bin, heating developed, which in turn burnt the grain.

REGISTRATION STARTS ON MONDAY August 19th

Commencing Monday, August 19th, Canada calls on her citizens, 16 years of age and over, regardless of nationality, to register. Because of the magnitude of this task the Government asks those who must register to study the questionnaire carefully.

Every question must be answered truthfully and without evasion. It is imperative that every one 16 years of age and over register. You will make the whole task easier for yourself and the Government by registering early. Registration will last for three days only.

REGISTRATION DATES August 19th, 20th, 21st

EVERYONE CAN HELP—To keep the cost of this registration at a minimum the Government is asking the co-operation of all public-minded citizens in the work of registration. You can help by getting in touch with your local registration officials and offering your services.

WHERE TO REGISTER

Registration offices are being set up by electoral districts in the same manner as in the last Dominion election.

Registrants are required to register in the regular polling subdivisions of their own constituencies. But should a registrant be in some other province or district out of the regular polling subdivision on Registration Days, he or she may register at any registration office convenient, upon satisfactory explanation to the local deputy registrar.

Penalty for Non-Registration—Failure to register will make any male or female, married or single, over the age of 16 years, liable to a fine not exceeding Two hundred dollars, or to imprisonment for a term not exceeding Three months, or to both such fine and imprisonment, and moreover to a further penalty not exceeding Ten dollars for each day, after the day upon which he should have registered, during which he shall continue to be unregistered.

Your Registration Certificate

To every person answering the questionnaire fully and satisfactorily a certificate of registration will be issued by the local deputy registrar. This is a small card which must be carried on the person at all times.

Published under the authority of **HON. JAMES G. GARDINER**
Minister of National War Services

"Crop Testing Plan" Field Days

"Crop Testing Plan" field days for the tenth year in succession are now being held throughout the West. At each plot will be seen a cross-section of the kind of wheat crops that are being grown.

Many a farmer, by attending these field days, has saved himself from serious losses, or has gathered ideas to increase his income.

See the nearest Searle Agent for the date of the field day in your vicinity.

SEARLE GRAIN COMPANY LTD.

(75)

This year the danger of bin burnt grain will be greater than ever in the past, because of the new crop conditions that face the West in handling and storing the present crop.
